Dear Dr. Laouris,

Hereby I confirm the interest of Development agency Savinja, BIG in the project SENIOR-TV, which you intend to submit to the AAL 2014 Call "CARE FOR THE FUTURE. An ageing society faces an increased need for care, how will ICT contribute to sustainable solutions?".

The innovate methodologies and technologies to address formal and informal care for older adults through prevention and self-management are of high interest to Development agency Savinja, BIG. The low-cost approach used in SENIOR-TV that facilitates social care at home shows a clear potential to provide a scalable solution in a future scenario with an increasing demand from older adults.

Yours sincerely,

Stojan Praprotnik
